

EQUIPPING THE WARFIGHTER

Our Mission is to Support Yours

Since 1938, NIB has proudly delivered products, services and custom solutions to U.S. military combat forces and support activities. From uniforms and protective equipment, to contract closeout services that return millions of dollars to the Department of Defense, NIB offers best value solutions for our armed forces.

NIB leverages a highly trained, U.S.-based workforce of Americans who are blind to provide thousands of quality, Berry Amendment-compliant products to the military. These products meet exacting specifications to withstand the most punishing conditions.

At NIB, our focus is on keeping warfighters safe and combat effective. Our mission is to support yours.
